What's New?

LAC is now offering local account cards to customers that qualify. These cards can be used at our pumps or in store and automatically apply the sale to your charge account.

How do I get my card?

Easy! For current LAC customers, just fill out the card request form in this brochure and return to our main office via mail, fax, or email to renayev@lakesareacoop.com.

If you are currently not an LAC customer, or you are a customer that does not have an account set up, we would love to help you get started. You can get started by filling out a credit application, which can be found online at www.lakesareacoop.com (links at top and bottom of the home page). You can also stop by or call our main office (contact info below).
